Minnesota Department of Transportation (MnDOT) Seed Requirements:

- ✓ Seed used on MnDOT projects must be labeled with this tag:

The label is a light green rectangle. At the top left is the Minnesota Department of Transportation logo, a circular emblem with a star and a tree. To its right, the text 'Approved Seed Vendor' is written in a large, bold, black font. Below this, a paragraph of text states: 'The supplier warrants at the time of shipment that the seed contained in this package meets current requirements as specified in the Minnesota Department of Transportation Technical Memorandums, Special Provisions and Standard Specifications for Construction.' This is followed by a 'VERIFICATION:' section stating that the Minnesota Crop Improvement Association verifies the seed. Below that is a 'NOTICE TO BUYER:' section with an 'EXCLUSION OF WARRANTIES AND LIMITATIONS OF DAMAGES' sub-heading. At the bottom left is the MCIA logo (Minnesota Crop Improvement Association) and its address: '1900 Hendon Ave, Saint. Paul, MN 55108'. At the bottom right, the text 'XXXXX' is printed.

- ✓ Seed must be obtained from Approved MnDOT Seed Vendors (see list of vendors).
- ✓ MnDOT Seed Vendors warrant that the seed with the MnDOT Seed Vendor labels meet current requirements of MnDOT Specification 3876, project special provisions, and applicable Tech Memorandums.
- ✓ Minnesota Crop Improvement Association (MCIA) inspects these vendors annually to verify seed handling and labeling procedures comply with MnDOT and seed law requirements. MCIA is the official seed certification agency in Minnesota.
