

Project Designers, Engineers, and Contractors:

Reduce the Spread of Noxious Weeds by requiring *Certified Noxious Weed Seed Free Mulch* for all road, pipeline, or other construction projects

Look for this label:

<p>North American Weed Free Forage Certification Program</p> <p>CERTIFIED NOXIOUS WEED SEED FREE FORAGE AND MULCH</p> <p>This Material has been certified to the North American Standards and those of MCIA. Certification valid only when the MCIA certification tag is attached to each bale.</p> <p>Minnesota Crop Improvement Association 1900 Hendon Avenue, St. Paul, MN 55108 612/625-7766</p> <p>N- 42059</p>	 <p>LIMITED CERTIFICATION: The materials marked with this tag were inspected in accordance with the standards of the Minnesota Crop Improvement Association which is recognized as the official noxious weed free forage and mulch certifying agency by the laws of Minnesota. The Association only certifies that the forage or mulch met the standards of the Association at the time the inspections were made.</p> <p>EXCLUSION OF WARRANTIES: IN CONJUNCTION WITH THIS MATERIAL, THE ASSOCIATION MAKES NO WARRANTY OF ANY KIND, EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.</p> <p>Reuse of this tag is strictly prohibited.</p> <p>Anderson Farms Wheat Field 1 Serial no. 05-40999</p>
---	---

Minnesota Crop Improvement Association is designated under the Minnesota Noxious Weed Law as the official certification agency for Noxious Weed Seed Free Forage and Mulch in Minnesota.

Certification Requirements:

- MCIA inspects production fields prior to harvest to verify that fields are free of noxious weeds.
- MCIA issues certification labels to producers for bales harvested from qualifying fields.
- Product traceability - certification labels are marked with unique serial numbers and identify the producer, crop type and field of production.
- Certification labels are attached to bales prior to delivery - tags cannot be transferred.
