1. **BACKGROUND:** Seed mixture composition was determined by a seed selection committee composed of representatives from the Minnesota Sod Producers Association, Minnesota Department of Transportation (MnDOT), University of Minnesota, and the Minnesota Crop Improvement Association. Selection criteria include University turf grass salt tolerance research, varietal performance tests, shade and drought tolerance, sod color, and other qualities as deemed relevant by the committee. MNST-12™ Sod was approved on December 13, 2011 for use on MnDOT projects requiring salt tolerant sod. Requirements are subject to change.
2. **SEED REQUIREMENTS:**
 - 2.1. Only approved seed vendors shall mix MNST-12™ Sod seed.
