REGISTERED SPONSORS

Minnesota Corn Growers Association

Burnsville, Minnesota

952-233-0333 • www.mncorn.org

With nearly 7,000 members, **MCGA** is one of the largest grassroots farm organizations in the United States. Working in close partnership with the Minnesota Corn Research & Promotion Council, MCGA identifies and promotes opportunities for Minnesota's 24,000 corn farmers while building connections with the non-farming public. We accomplish this by investing in third-party research that focuses on water quality and soil health, targeted consumer outreach, developing new uses for corn and working to add value to every bushel of corn grown in Minnesota.
